SOLUTION OF HUN COLONIES

NOT DEFINITELY AGREED ON, BUT BELIEVE SOLUTION IN SIGHT.

By the Associated Press

PARIS, Jan. 31.—A crisis in peace conference negotiations over disposition of German colonies seems to have momentarily passed, but it is yet too early to say that President Wilson's view prevailed in its entirety but American quarters are confident that a compromise plan will be accepted in principle will be worked out acceptable to the American viewpoint. The net result of two days discussion of colonial questions has been to clear the atmosphere generally and force a clear definition of aims on all sides.

LIEUT. COL. T. H. BANE

Lieut. Col. T. H. Bane is in charge of the technical section of the division of military aeronautics, the organization which passes on designs of aircraft and accessories received both from the aircraft board and from outsiders. This section has moved from Washington to Dayton, O.

TWO REPLIES FROM RUSSIA

NORTHERN GOVERNMENT REFUSES TO SIT WITH BOLSHAKOV. KOLSHAK NOT FAVORABLE.

By the Associated Press

PARIS, Jan. 31.—The peace conference so far has had two replies to the invitation to the various Russian governments for conference at Prince's Islands. Government officers of North Russia formally refuse to meet with the bolshakovi. The Omsk government under Admiral Kolchak, while less categorical, expresses a strong reserve. Nothing official has been received from the Soviet government.

REPUBLICANS OPPOSE PLAN

LODGE AND OTHERS NOT PLEASED WITH INTERNATIONAL COLONIAL CONTROL.

By the Associated Press

WASHINGTON, Jan. 31.—Senate Republicans today sharply attacked the plan for dealing with German colonies and occupied territories in Turkey and Asia, proposed by President Wilson and accepted in principle by the supreme council, according to Paris reports. Senators Lodge, Knox and Johnson particularly denounced the plan and Senators Walsh and Lewis expressed doubts regarding the accuracy of press dispatches.

WHAT FRANCE HAS DONE FOR DEMOCRACY

France has poured out blood and treasure to the breaking point to make the world safe for democracy. America owes her an enormous debt of gratitude for this and also for a perfect remedy for stomach, liver and intestinal trouble found by her peasants and used with reported marvelous results in this country. Geo. H. Mayr, for many years a prominent Chicago chemist, imports the ingredients and sells this remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists everywhere.

STRIKERS AND POLICE CLASH AT GLASGOW

By the Associated Press

GLASGOW, Jan. 31.—Several persons were injured here today when the police charged a crowd of strikers with batons. Mounted police were called out and a number of arrests made.

The Pacemakers will present the three-act comedy-drama, Betty's Love Affair. The picture program presented Alice Joyce in Everybody's Girl. It is from the popular story, Brickdust Row.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimple face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

WILSON INSISTS ON HIS PLAN

STRONG FOR INTERNATIONAL CONTROL OF COLONIES, SAYS DIVISION INADMISSABLE.

By the Associated Press

PARIS, Jan. 31.—In discussions concerning the disposal of former German colonies President Wilson contended in no uncertain terms that to divide the colonies among the entente nations would be a direct contravention of his fourteen points accepted as a peace basis. Such division, he is said to have added, would violate the principles of the league of nations as laid down at the peace conference last Saturday. The American attitude, it is said, is very positive.

ROADS MUST REFUND PART OF CASH FARES

OKLAHOMA CITY, Jan. 31.—Railroads yesterday were ordered by the state corporation commission to make refund of 1 cent a mile in all cases where a cash fare of 4 cents a mile is collected from passengers in Oklahoma.

The order will mean a saving of thousands of dollars to passengers in the course of a year, according to W. D. Humphrey, chairman of the commission.

The roads have been collecting 4 cents a mile in all cases where passengers were not supplied with tickets. The commission will allow the roads to continue the collection of 4 cents a mile as cash fare in order that the roads may have some check on such fares but where a cash fare is collected the conductor will be required to give the passenger a refund slip for one cent for each mile paid.

Silvered Plate-Glass.

Silvered plate glass with beveled edges, sometimes with little figures cut in the surfaces in intaglio, were first made in Venice. For many years these mirrors were of small dimensions, five feet being the largest. Indeed, till late in the seventeenth century large looking glasses were made up of several separate pieces, the divisions between the plates being covered by subsidiary lengths of gilt moldings within the general frame. Louis XV covered the walls of his great Salle at Versailles with looking-glass panels.

Protecting Turkeys From Coyotes.

In certain parts of the West flocks of domestic turkeys on frontier farms are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine.

Keeps Cheese Fresh.

Moisten a sheet of wax paper with vinegar, wrap the cheese tightly in it, then wrap with another paper; the cheese will keep for days without getting hard. The vinegar doesn't affect the taste of the cheese at all.

Miss Barrow's Recital.

Miss Bess Barrow, the new teacher of expression, gave her initial recital Thursday evening at the Methodist church before a large audience. Her readings covered a wide range of expression and she was equally familiar with each. Her renditions indicated splendid artistic talent and training.

Miss Barrow was assisted by Miss Lula Lee, pianist, and the Cruz orchestra, whose musical numbers were up to their usual high standard.

BELFAST IS IN GRIP OF STRIKE

STRIKERS USURP GOVERNMENT AND ALL INDUSTRY IS PARALYZED.

By the Associated Press

LONDON, Jan. 31.—Telegrams from Belfast picture the situation there almost akin to the recent disturbances in German cities. Government power has been usurped, says a Belfast dispatch to the daily mail, and the city government by the strike committee. The committee permits a limited amount of work in connection with feeding and warming the population but no other industrial or commercial activity whatever. It is reported that shipyard men at Londonderry are arranging to follow the example of Belfast strikers.

NAVAL PROGRAM IS APPROVED

HOUSE COMMITTEE FOR ADMINISTRATION'S THREE YEAR PROGRAM.

By the Associated Press

WASHINGTON, Jan. 31.—Unanimous approval of the administration's new three year naval program with the number of capital ships reduced from sixteen to ten because of differences among experts over the value of battle cruisers, was voted today by the House naval committee.

GOVERNOR'S PROCLAMATION.

The Nation mourns the departure of one of its foremost citizens and highly honored Statesmen, Ex-President Theodore Roosevelt, whose lamented death in the prime of active life and usefulness has created profound sorrow throughout the civilized world.

In order to testify to the respect and esteem in which the people of Oklahoma hold the memory of this great American and exalted citizen of the republic and of the world, I hereby proclaim that Sunday, February the ninth, nineteen hundred nineteen, be observed by the citizens of Oklahoma in the various communities in the State as memorial day, at which time appropriate services in the different churches and community centers should be held and appropriate tributes paid to the high personal character and distinguished public service of this remarkable figure in the Nation's history.

Congress has already designated this day for the memorial services of the deceased Ex-President and it is also in accordance with the wishes of Colonel Roosevelt's family and this date seems to represent the expressed desire of the people generally throughout the Nation, that we should unite in this service and that the observance of the day should be nationwide.

Given under my hand and the great Seal of State of Oklahoma, this 20th day of January, Anno Domini, 1919.

GOLOBIE WOULD INDICT WILLIAMS AND MATHEWS

OKLAHOMA CITY, Jan. 31.—Indictments of former Governor R. L. Williams and W. D. Mathews, commissioner of charities and correction was demanded on the floor of the senate yesterday by Senator John Golobie.

Senator Golobie had just proposed an elaborate plan for caring for delinquent women and girls of the state, closing with a burning denunciation of the girls' industrial home here, which has been under fire for a week.

"Dante's Inferno was not worse than this living hell and Williams and Mathews should be indicted and made to suffer for such delinquencies as have been found," Senator Golobie declared.

COL. SIDNEY SUGGS, GOOD ROADS BOOSTER, HERE.

Col. Sidney Suggs of Ardmore, former newspaper man and state highway commissioner under the Haskell and Cruce administrations, was in the city Thursday afternoon, in company with Paul Smith, secretary of the chamber of commerce of Ardmore, in the interest of the proposed Oil Cities road. He never lets slip an opportunity to boost for good roads and he naturally expects this one to pass through Ardmore on the route from the Kansas line through Ada to Ranger, Tex.

Col. Suggs has spent many years in working for good roads and is proud of the fact that while highway commissioner he put the tin culvert and bridge concerns out of business in Oklahoma.

BUD BALLEW KILLS DOW BRAZIL AT ARDMORE

ARDMORE, Okla., Jan. 31.—Deputy Sheriff Bud Ballew of Wilson is in the county jail tonight as the result of the killing early today of Dow Barzill of Ardmore, formerly a deputy United States marshal. The shooting was the outcome of an oldtime feud growing out of official activities in regard to bootlegging.

Brazill was shot to death in a cafe on Main street after firing two shots at Ballew, who emptied his six-shooter, each of the bullets striking Ballew.

Rare Visitors Recorded.
The appearance of snowy owls, a rare occurrence, is reported. These remarkably beautiful birds come from the Arctic regions. Only four previous visitations have been recorded in the ornithological history of the country.

Whatever may be done with the German colonies it is certain they will never be returned to Germany. The world has learned enough of German cruelty and misrule to be settled on the point that these subject people must be freed.

The News is ready to do its part in helping the discharged soldiers and sailors secure positions and will run a want ad three times free of cost for one of these boys wanting to find employment. The young men made great sacrifices for the country and should be given every consideration.

Col. Sidney Suggs states that it has been demonstrated that on an average of \$3 will be left in a town for every car of tourists passing through. This is a strong argument for good roads through Pontotoc county. When the Canadian bridge is completed this tourist traffic through this county will assume large proportions. If the roads are put in good condition.

The Russian situation is complicated by the fact that the country is split up into several governments. The bolshevik control the central part of the European territory, an anti-bolshevik government is in control of Archangel and Northern Russia, while Siberia is controlled largely by a government under Admiral Kolchak at Omsk. Other parts are under control of the anti-bolshevik element and with civil war in progress the problem is a knotty one. The anti-bolshevik parties refuse to hold any kind of conference with the Lenin and Trotsky party and the latter has not returned an answer to the invitation from the peace conference for a meeting to see if an agreement can be reached. Apparently law and order is a condition that will not prevail in Russia for a long time.

A SOLDIER'S CHRISTMAS DINNER IN FRANCE

Dec. 26, 1918.

Dear Sister: Will write you tonight all are fine I hope. I am all O. K., doing fine, fat as a hog and mean as the D. but will get over it when I get home. I sure will be glad when I get back to the good old U. S. A. once more, when I can see home.

You ought to have been here and taken dinner with me yesterday. It sure was a dandy. We took dinner with some French people, that is we had them to cook dinner for us. I will tell you about it, but don't laugh when you read it. The first thing they served was potatoes burnt, eggs, butter without salt, duck that wasn't cooked, chicken, very good, punk, (that is bread), some kind of egg custard called floating island, it was good. That was the dinner. You can guess how it was, but that was the way. I liked it and we all enjoyed it. I am out in a house writing. The people sure are nice to me. Strange is here with me but he is not in my company. He is in the M. P.

AND THE AMERICANS FURNISHED THE SOAP

Coblentz, Jan. 1.—(Correspondence of the Associated Press)—The German washerwomen of Coblentz have won a victory in their first skirmish with officers of the American Army of Occupation. Lack of soap caused the complications.

In Germany soap is in greater demand than chocolate or tobacco. The poorer classes virtually have been without it for years, managing to get along some how by the use of inferior mineral substitutes. Many of the washerwomen of pre-war days had come out of business—until the Americans came.

When the travel soiled Americans arrived at Coblentz by the thousand naturally there was a grand rush to send out bundles of washing. The women were perfectly willing to do the work, but they demanded a cake of soap with each consignment of clothing. The Americans scoffed at the suggestion.

The laundries had all they could do to attend to their old customers and a limited number of new ones, and bundle after bundle sent out by generals and colonels and privates too were returned in a hurry. And back again to the washerwomen went the bundles, and the women returned them to the officers with the simple explanation "No soap." All the pleadings of the German speaking orderlies had absolutely no effect.

Even the terms of the armistice were considered, but there was no reference to the shortage of soap, and so the situation became worse day after day. Just when it appeared that the Army of Occupation would be compelled to get into the laundry business a United States sales commissary opened in Coblentz and an officer discovered plenty of soap for a few cents a cake.

Then the bundles began going to the washerwomen again in great numbers and wrapped in the center of each was a nice little white piece of soap. And when the bundles came back all the clothing was clear and the washerwomen of Coblentz are now doing the greatest business in their history—with the Americans furnishing the soap.

The liver loses its activity at times and needs help. HERBINE is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Price 60c. Sold by Bart Smith.

AN EXPLANATION. The News is in receipt of a communication from Jerry B. Smathers in which he takes exception to the story in Wednesday's issue of the News concerning a collision between his motorcycle and Mrs. J. L. Barringer's car, and saying it did him an injustice. He states that Mrs. Barringer's car did not stop, as stated in the story of the collision, and that he did not lose control of his cycle, he being an experienced rider, and thoroughly familiar with handling a machine.

Of course the News had no intention of doing any one an injustice, and if the information upon which the story was based was incorrect, the News regrets it, for it makes every possible effort to be accurate at all times and be fair in its statements.

THE ECONOMY

BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the *most* economical leavening agent. It saves in *more* ways—and makes *more* important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of *other* articles. Costs but little more than cheap powders—far more *valuable* in quality.

You save when you use it. Possesses *twice* the ordinary raising force—you use only *half* as much as is ordinarily required.

You save materials it is used with. Calumet *never* fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. It produces light, sweet, wholesome, flaky bakings. You'll notice with some of the cheaper brands the bakings are soggy, heavy, dark in color and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial proves it.

WHAT MUST BE DONE FOR RUSSIA

LONDON, Jan. 31.—(Correspondence of The Associated Press)—Five representatives of Russian political organizations who are now here have issued a statement in which they assert that they are of

the opinion that the salvation of Russia requires, first of all, that Russia should be liberated from the Bolsheviks. They ask for the active help of the Entente Allies for Russians who are in fighting Bolshevik rule.

The delegation includes two moderate Conservatives, one Liberal and two moderate Socialists. They were sent to the allied countries to inform the governments and peoples of Russia's critical position. The members of the delegation are Vladimir Kurko; Nicholas Shebeko, formerly Russian ambassador at Vienna; Sergius Tretyakov, formerly president of the Russian Eucmerical Council; Alexander Titoff and Constantine Krovoposkoff. The two last named are moderate Socialists. This mission when in Paris was headed by Professor Paul Millukoff, leader of the Russian Constitutional Democrats and formerly Foreign Minister, but his name is not included among those who make public the appeal for help for Russia.

"The German domination in Russia," the statement says, "is a barrier against the Bolsheviks spreading from the north will enable the volunteers to consolidate and to prevent the possible by the Bolsheviks."

representatives, "is contrary to the aspirations of the masses and of all the sane elements which demand the union of the whole country in a single state whose ultimate fate must be determined by the free decision of the peoples inhabiting Russia."

"For this purpose active help is required from the Allies for all those parts of Russia which are in conflict of the Bolsheviks and who are striving to reunite and regenerate Russia."

"In the south this help must be given first of all to the voluntary army which is fighting against the Bolsheviks in the Northern Caucasus. Besides, to create order, it is necessary to occupy temporarily the most important towns and railway junctions in the south of Russia so as to prevent the advance of the Bolsheviks from the north and the spreading of anarchy, that has already ruined the north of Russia."

"A barrier against the Bolsheviks spreading from the north will enable the volunteers to consolidate and to prevent the possible by the Bolsheviks."

WASTING MONEY ON ROADS NOW

HON. PAUL NESBITT EXPLAINS HOW OKLAHOMA CAN BUILD REAL HIGHWAYS.

That Oklahoma City will oppose the issuance of \$50,000,000 in bonds for the purpose of building hard surfaced roads and that the rest of the state will favor such a measure was the opinion expressed at a Chamber of Commerce banquet here last evening by Hon. Paul Nesbitt, member of the house of representatives and author of a good roads bill now before that body. Mr. Nesbitt said Oklahoma City has her paved streets and is not willing to help any other part of the state get good roads.

That there is no serious differences between the law making bodies and Governor Robertson was also affirmed by Mr. Nesbitt. "Oklahoma is fortunate in having as her chief executive a man who has a broad view of road development in this state. The members of the legislature and Governor want the same thing; they simply differ in a few details. There is plenty of common ground on which they can unite."

Mr. Nesbitt went into the problem of building roads in Oklahoma, showing where we have been wasting money every year and showing that we shall continue wasting it unless we adopt some scientific and business like campaign for building roads as nearly permanent as possible. He believes it is no longer necessary to tell why we should have good roads; the citizens of the state realize that we need them and need them badly.

There are two laws now before the Oklahoma Legislature, one introduced in the house and one in the senate. They differ in detail, but the object of both is the same. To prove that we can afford to issue \$50,000,000 worth of bonds, the speaker said we are now spending on roads \$1,100,000 which comes from automobile taxes. With the right kind of collecting machinery, this could easily be made to yield \$1,500,000.

Four percent of the people of Oklahoma now own cars. In Missouri and other states where there are good roads, the percentage runs as high as eight or ten. With improved roads in this state, it is natural that the revenue derived from automobile owners would easily double and even treble.

The counties are now getting \$1,000,000 from the gross production tax and spending it on roads. With the income from the gross production and automobile tax, it is possible to issue bonds to the extent of \$50,000,000, pay the interest and retire the bonds in twenty-five years, without having levied any additional ad valorem tax.

Mr. Nesbitt went into the matter of maintenance. Under the provision of the bills now before the legislature, the property owners living along the road would be required to pay a certain maintenance tax. This will mean that the roads will be kept in repair indefinitely.

The roads will be built by competent engineers and the money will be handled by men of unquestioned integrity and business ability.

Col. Sidney Suggs, of Ardmore, former Highway Commissioner, addressed the banqueters on the importance of organizing a Pontotoc County Good Roads Association and getting busy in helping to lay out highways. The first work for this organization to do is to mark the Oil Cities Route through the county. This route extends from Tulsa through Ada and Ardmore to Wichita Falls, Texas.

Paul Smith, secretary of the Chamber of Commerce of Ardmore, outlined the plan for the Oil Cities Route.

The dining room of the Harris hotel was filled with business men of Ada and the surrounding towns and farms. They enjoyed the sumptuous banquet served by the new management of the Harris hotel and at the same time learned much about the importance and methods to be used in asking a scientific system of highways in the state.

A joint meeting of the deacons and elders of the First Presbyterian church will be held at the church next Sunday afternoon at 3 o'clock. Every member of these boards is urged to be present as business of importance is to be considered in the meeting. The elders will meet in regular meeting at 7:30 promptly, for a brief session meeting.—George Wesley Beck, Minister.

Methodists Attention.

Wallace M. Crutchfield, Pastor.

We will have addresses next Sunday morning and evening by several capable laymen including Prof. Ericson, Prof. Fentem and Prof. Hickman. Each of these men will give our people a message in keeping with the spirit of the times. Let every member and friend of the congregation hear these addresses.

Surgeons agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50 Sold by Bart Smith.

Lower Prices? —Not Yet Awhile

SOME people are hesitating about buying clothes now. Because war is over, they assume that prices will suddenly drop.

ALL WRONG: The wool from which next spring's clothes will be made is already delivered to the manufacturer. He paid a high, war-time price. He will have to sell them to the dealer—and the dealer to you—at a price in proportion to the cost of the raw material. When the price of wool lowers, clothes for the following year will be cheaper, but so far wool is still up.

AUTHORITIES state that according to present indications it will stay up for six months after the government releases a large supply for civilian use. If raw wool comes down in price by next July, you can expect to buy cheaper clothes in the spring of 1920—not until then.

But—
we are certain that clothes will not fall twenty per cent so soon—

and now owing to our overstocked condition, you can buy for the man or boy any

HAD SUFFERED FOR FOURTEEN YEARS

Couldn't Lift an Arm or Leg From Bed—Tanlac Restores Health.

"I wish I could have found Tanlac fourteen years ago," said William D. Lawrence, who lives at 417 East 30th Street, Tacoma, Wash., a few days ago.

I have suffered all the pangs of inflammatory rheumatism just that many years," he continued, "and many times I have been in such pain and misery I would almost wish I could die and end it all. My whole body was racked with pain nearly all the time, and I would get terribly swollen all over, sometimes my feet would swell so bad I couldn't get my shoes on. The swelling and pain would come so suddenly in my feet at times that I would have to cut the strings in my shoes so I could get them off real quick. I was so bad off at one time that I was flat on my back for two or three months on a stretch, and couldn't raise an arm or leg all during that time, and every part of my body just ached with pain all the time. I went night after night without a minute's sleep, just had to lie there and suffer.

"I tried everything I could get my hands on, thinking I would get something after a while that would do me some good, but nothing seemed to help me very much. I thought a change might do me some good, so I came to Tacoma a short time ago, and when I got here I heard a great many people talking about the good Tanlac had done them, and I thought I would try it out myself. Well, sir, it began to overcome my trouble right away. I am practically free from those terrible rheumatic pains now, and all that swelling is a thing of the past, and in fact, all that fourteen years of misery seems to be over. I sleep like a log and am gaining both in weight and strength every day. I never lose a minute from my work now, put in full time every day, and just feel good all the time. It sure is great to be in such fine shape after fourteen years of agony. I don't believe there is another medicine in the world equal to Tanlac."

Tanlac is sold in Ada by Gwin & Mays Drug Co.

Peay-Denham.

One of the prettiest affairs of the
season took place on Thursday at
2:30 o'clock when the marriage of
Miss Viola Clara Denham to Mr.
Lawrence W. Peay was solemnized by
Rev. G. W. Beck.

The bride was given away by her
uncle and was met at the altar by the
groom and his father, where the im-
pressive ring ceremony was used.

The house was beautifully decorat-
ed with cut flowers and pot plants.
The bride was daintily attired in blue
crepe de chine with gold trimmings
and the groom wore the navy uni-
form.

The bride has grown to young wo-
manhood in Ada and is a graduate of
Ada high school and a Junior of East
Central State Normal. She has a
host of friends and is loved by all
who know her.

The groom is a young man of ster-
ling worth. He is a graduate of the
Sulphur high school and until the
time of enlistment was employed at
Waples-Platter Grocery Co.

They have a host of friends who
wish them a long happy and success-
ful life.

Out of town guests who attended
the wedding were J. D. Leech of Ok-
lahoma City, B. F. Peay of Sulphur,
Mrs. Steele of Oklahoma City, Mrs.
Fannie Leech and daughter of Dur-
ant.

MRS. G. L. BABB DIES OF INFLUENZA AT FRISCO.

The influenza situation throughout
the county has not improved greatly,
according to reports coming to Ada.
Whole families have been in bed at
one time. G. L. Babb, who lives near
Frisco, has been one of the worst
sufferers. Mrs. Babb died on Janu-
ary 19, leaving her husband and
seven children, the oldest fourteen
years. At the time of Mrs. Babb's
death, Mr. Babb and six of the chil-
dren were in bed. Only one girl was
able to be up. This young lady and
a cousin attended to the wants of the
eight sick ones. The neighbors came
in and assisted, and for this Mr.
Babb says he feels grateful indeed.
He wants to thank those who helped
him in the time of need.

Mrs. Babb was the daughter of J.
W. Correll, and had a host of friends
in this part of Oklahoma. Having
lived in this county practically all of
her life, she had a large circle of ac-
quaintances all of whom were her
close friends.

Besides her husband and children
she is survived by her father and
mother, seven sisters, Mesdames B.
F. Colbert, J. A. Abbott, John Hur-
ley, J. R. Cooper, Frank McCauley,
Scott Green and Nora Hisaw, and
two brothers, Bud Correll, who is in
the army, and Joe Correll.
